## 🎓 EDUCATION

---

**Jiangnan University**, Wuxi, China 2017 – Present

*Master student* in Computer Science (CS), expected March 2020

**Changshu Institute of Technology**, Soochow, China 2015 – 2017

*B.S.* in Software Engineering (SE)

## 👥 EXPERIENCE

---

**LeQi Inc.** Wuxi, China 2016-6 – 2016-9

*Summer Intern* Algorithm Developer

Brief introduction: Face Recognition

- Implement CNN + SVM classification
- Implement Ten-Pay and Ali-Pay

**Thunder-Simple DL framework with C/C++/Python/CUDA/CUDNN** Jan. 2018 – Present

*C, Python, CUDA, Linux* Individual Projects, collaborated with C/C++/Python/CUDA/CUDNN

Brief introduction: <https://github.com/HadXu/Thunder>

- Tiny, fast DL framework
- Data struct exists on GPU or CPU

**Machine Learning Repo** May. 2014 – Present

*Machine Learning Repo Maintainer* Individual Projects

Collection interesting Machine learning proj. <https://github.com/HadXu/machine-learning>

- Collection interesting Machine learning proj.

## ⚙️ SKILLS

---

- Programming Languages: C == Python > C++ > Java > C-Sharp
- Platform: Linux, Mac, Windows
- Development: PyTorch, Tensorflow, scikit-learn, LightGBM

## ♥️ HONORS AND AWARDS

---

*2<sup>nd</sup> Prize*, Award on Lanqiao Algorithm May. 2016

*2<sup>nd</sup> Prize*, Award on TI Design Oct. 2016

*203/4320*, Award on TianChi Competition Jan. 2017
